

Halloween sticker print and use guide

Six original PNG designs | 900 x 900 pixels | 2-inch round artwork

Recommended label stock

Avery 22807, 2-inch round, print-to-the-edge, 12 labels per US Letter sheet.

Ready-to-print PDF: two of each design

Open SFA_Halloween_Stickers_Avery_22807_12up.pdf on US Letter paper.

The PDF fills all 12 labels: pumpkin, ghost, bat, witch, cat and monster, twice.

Print at Actual Size / 100%; turn off Fit, Shrink, Scale to Fit and borderless scaling.

First print on plain paper and hold it against the label stock to check alignment.

Load Avery 22807 stock in the correct direction, then print the final sheet.

To rearrange or print one design only

Open Avery Design & Print with template 22807 and upload the individual PNGs.

Place each PNG within a label, preserving its square proportions.

Run the same plain-paper alignment check before printing on label stock.

Use and free download

Give children the choice to wear one or place it on a treat bucket or bag.

Offer the 12-up PDF, six PNGs and this guide together as a free download.

The user-supplied SFA red emblem has 15% transparency (85% opacity) in every artwork.

Keep the emblem and message intact in redistributed templates.

Check a physical print sample for legibility before public release.

Designs: pumpkin, ghost, bat, witch with bow, black cat, Frankenstein monster.
